

VOLLEYBALL BC

Commitment to Fair Play

Purpose

1. Volleyball BC aims to ensure that every participant is treated fairly. To that end, Volleyball BC has adopted this *Commitment to Fair Play* and is committed to upholding the positions outlined herein at all times.

Position on Equity and Access

2. Equity is the belief and practice of fair and just treatment for all individuals. Volleyball BC believes in and promotes, through its programs, the concepts of equal opportunity, inclusiveness, fairness, and honesty. Volleyball BC expects the highest standards of moral and ethical conduct from all its athletes, coaches, officials, volunteers, and administrators at every level.
3. Volleyball BC believes in an environment free from discrimination based on a person's race, color, ancestry, place of origin, political belief, religion, marital status, sexual orientation, physical or mental disability, age, or sex. To be equitable means to be fair, and to appear to be fair.
4. Efforts will be made towards raising the awareness and understanding of the equity issue in the volleyball environment.
5. Equity does not necessarily mean that all persons must be treated exactly the same. In order to be treated fairly, people may need to be treated differently, including having activities of their choice provided and administered in a fair and unbiased environment.
6. Volleyball BC has the opportunity to take a compelling leadership position within the sport community in British Columbia by making a clear commitment to equity.
7. Volleyball BC has created and follows a *Diversity, Equity and Inclusion Policy*.

Position on Drug Free Sport

8. Volleyball BC is committed to the Spirit of Sport. Volleyball BC believes that the most effective way to prevent doping in sport is through a long-term commitment to the core positive values of sport. This belief recognizes the negative impact and tremendous pressures on athletes to "win at all costs". Accordingly, Volleyball BC attempts to strike a better balance within its sport by encouraging its coaches, officials, parents and others to place more value and importance on the internal rewards associated within volleyball. Volleyball BC believes that the athletes' involvement in volleyball should be about the pursuit of sporting and human excellence. Therefore, any pursuit of sporting excellence that undermines the pursuit of human excellence, such as the use of performance enhancing drugs, is totally unacceptable.
9. Volleyball BC supports this position through endorsing and supporting Volleyball Canada's anti-doping policies and testing procedures.
10. Volleyball BC has created and follows an *Anti-Doping Policy*.
