

TEAM Nomination Form

The Volleyball BC Hall of Fame honours athletes, teams, coaches, officials, and builders who have had a significant impact on volleyball in British Columbia. Inductees exemplify the best in the history of the sport in our province.

Selection Process

- Nominations for induction in the following calendar year are accepted until Friday, September 15th.
- Any individual or association may submit a nomination with the following exceptions:
 - A current Member of the Volleyball BC Hall of Fame Selection Committee may submit a nomination, but if the committee member submits a nomination, she or he may not vote on that nomination or be part of the discussion surrounding the nominee.
 - A member of the Volleyball BC Board of Directors may submit a nomination, but if the Director submits a nomination, she or he may not vote on that nomination if and when it is brought to the Board of Directors for approval.
- Aside from the Team category, nominations will be accepted for individuals only. Family members or colleagues who worked together closely are eligible for induction within the same year or in subsequent years. However, each nominee will be considered separately on the basis of her or his own individual merit, and if selected will be inducted individually.
- Each nomination is eligible for three (3) consecutive years. If at the end of three (3) consecutive years of eligibility, a nomination has not been selected for induction, the nomination must sit inactive for a period of one (1) year after which the nomination can be resubmitted.
- All nominations will be considered at an initial Awards Committee meeting in October. Depending on the outcome of that process, further information on the nomination may be required.
- The final selection process will take place in October and the names will be released to the media in November.

Selection Criteria

Team

- Team must have been based in the Province of British Columbia during the time of the accomplishment(s).
- Team must have competed in a league or system that is recognized by Volleyball BC.
- Any team (consisting of able bodied or athletes with disabilities) that has attained a high level of excellence and brought recognition or honour to volleyball at a national or international level in relation to open level competition. Team members are recognized as part of a team and not as an individual Honoured Member.
- Accomplishments that may be considered include, but are not limited to:
 - Exceptional single seasons (e.g. undefeated championship teams).
 - Exceptional unbeaten streaks.
 - Any other exceptional accomplishments.
- The BC athletes of a Canadian Team, which has reached special excellence on a national or international level, may be nominated and inducted as a group in the "Team" category.
- Teams are selected for achievements in one year, not an era.
- Exceptions:
 - A team is not eligible for nomination until three (3) years following the year which a team is nominated for except by winning an Olympic or a World championship gold medal whereby the nomination is eligible for immediate consideration. For example, a team from 2013 would be eligible to be nominated for the 2016 induction class.
