Mailing Address			
City		Province	
Postal Code		Phone	
Athlete Email			

Early Signing Date:

- Clubs have the option to sign athletes returning to their club from the previous year between November 1st and November 15th. A returning athlete is defined as a registered Volleyball BC member with the club during the previous year.
- Athletes that do not re-sign with the same club from the previous season are still able to tryout for another club team (and/or their old club) for the upcoming season.
- Clubs and athletes are not obligated to utilize the Early Signing Date and may continue to use the tryout period to explore all options.
- Clubs are only able to utilize the Early Signing Date for 12 athletes per team.

The athlete and parent/guardian must sign the Volleyball BC Early Signing Document to make an official commitment to the club. No further communication or contact from other clubs can be made with the athlete once they have signed. The athlete is committed to that club for a minimum of one season (Signing Date through May 31) unless they are released from the club earlier.

***Signing early with a club guarantees:

- The athlete has a spot within the club.
- The athlete will appear on every score sheet they are available.

***Signing early with a club does not guarantee:

- The team on which the athlete will be placed.
- The Level that the team chooses to register ("AA" vs "A" Level)
- The playing time that the athlete will receive.

Club Name: _____
