### Harry Jerome Sports Centre (HJSC) Parking Regulations

#### 1. General Parking Information:

- a. Parking is only permitted in numbered stalls and parking spots reserved for persons with disabilities
  - i. Parking anywhere except a numbered stall and a spot reserved for a person with disabilities will result in the immediate towing of the vehicle

#### 2. Designated Parking for Club Tournaments

- a. All participating teams in a Club Tournament will be allocated parking stalls for their exclusive use throughout the day
  - i. Information on what stalls will be assigned to each team will be distributed via email along with the draw and tournament information
  - ii. It is the responsibility of the Club to communicate internally with respect to who will be parking in these spots
  - iii. It is the responsibility of the Club to provide carpooling services to their own team members
  - iv. Persons parking in designated Club parking stalls must proceed into the building to the Volleyball BC/HJSC office where staff will confirm that they are parked in the correct stall. The patron will then receive a pass to place on their dashboard
  - v. Passes must be displayed on dashboard at all times

*In the event of snowfall, Volleyball BC staff will do everything in their power to clear as much of the snow from the parking lot as possible. Despite this, many parking stalls will remain inaccessible. Our strategic priority will be to assign and re-assign stalls for those teams who have been allocated parking stalls prior to the event. Once we have provided stalls for all participants (or as many as we can provide), only then will we provide parking stalls for the general public and spectators.*
