

19:29:38 From Paul Hetherington : Hello once again :)

19:29:46 From Roz to Alex Pappas(Privately) : FYI we have 50 registered

19:29:55 From Roz : Hi Paul!

19:29:57 From Alex Pappas : Hi Paul

19:30:00 From Denny Lee to All panelists : Hello

19:30:11 From Alex Pappas : Hello Denny

19:30:12 From Roz Campbell : Hi Denny!

19:30:17 From Denny Lee to All panelists : :)

19:33:12 From Roz Campbell : Hi Everyone! Please ensure you post them here to All Panelists AND Attendees :)

19:38:56 From Barton Lim : Wouldn't coaches have to be considered part of a cohort since most toss the ball for drill for their athletes and this often involves an athlete handing them off the ball.

19:40:02 From Roz Campbell : Hi Barton. Thank you for that question. I will include your question during the final question period.

19:40:10 From Barton Lim : Thanks.

19:41:08 From Casey Murray to All panelists : Does the limit of 6 players per side apply to warm-ups before games as well? Or can all 12 players warm-up together?

19:41:47 From Roz Campbell : Hi Casey. Thank you that question. We will be reviewing this and I will ensure it is included in the final question period.

19:42:04 From Casey Murray to All panelists : Thank you Roz

19:53:01 From Natalie Eades : Can Clubs initiate contact with an athlete during the Application Period and suggest that they submit an application? Or does the athlete have to initiate contact?

19:53:30 From Roz Campbell : Thank you for your question, Natalie. The athlete must initiate contact with the club FIRST.

19:55:00 From Carol Hofer to All panelists : what if the athlete did not play club last year? Can the club make contact then?

19:56:11 From Roz Campbell : Thanks for your question Carol. I will include this in the final question period.

19:56:17 From Brian to All panelists : Can a club advertise that they anticipate having spots at various age groups during the early signing period?

19:57:05 From Roz Campbell : Hi Brian. Thank you for that question. I will ensure it is included in the final question period.

19:58:53 From Casey Murray to All panelists : What is VBC doing to 'encourage' (push) school districts and cities to allow gym rentals? With all of these facilities closed it is extremely difficult for clubs to secure facilities. Setting a hard deadline puts a lot of pressure on clubs who are doing everything they can to find facilities but are coming up against a lot of walls.

19:59:20 From Paul Hetherington : is the two week break for intra-club required if the two teams are in the same cohort?

20:00:26 From Roz Campbell : Thanks for that question Casey. I will include in the final question period - we have some similar questions :)

20:00:42 From Carol Hofer to All panelists : when do you anticipate having competition dates for VBC events?

20:01:17 From Steve Manuel to All panelists : What if someone on our team has symptoms prior to a mandatory competition?

20:01:18 From Roz Campbell : Thanks for the question Paul. I have added it to the final question period.

20:01:51 From Roz Campbell : Carol, thanks for your question. We do not have an official date to share with you yet, but we will reply to this question during the final question period.

20:02:53 From Roz Campbell : Thanks for the question Steve. We have had discussion about this and I will ensure we include your question in the final question period.

20:05:03 From Carol Hofer to All panelists : will you stream any events?

20:06:26 From Roz Campbell : Hi Carol! Thank you for that suggestion. I don't think we have discussed that yet, but I will bring it to the RDC. That is great idea to consider if we have the capacity to stream events (ie: event max of 50 so we have to be mindful of how many additional staff we bring onsite)

20:07:29 From Cory Hoard : You can't expect kids to do the formal tripleball scoring for U12-13 girls.

20:07:34 From Brian to All panelists : Has there been any consideration for allowing Jan-Sep 2002 athletes to play down because of the shortened season last year and the potential need to fill out an 18U roster?

20:08:28 From Michael Walkinshaw to All panelists : what lobbying activities are going on regarding accessing gym spaces for Q1

20:08:45 From Roz Campbell : Hi Cory. We will review this.

20:09:46 From Roz Campbell : Hi Brian, I don't believe we have had this discussion, but I will bring this suggestion to the RDC

20:10:12 From Barton Lim : Will teams that re from the same club and are of the same age and practice on side by side courts be placed in the same cohort? (If they are not in the same cohort that would mean they could not practice in the same facility at the same time). Also, can you confirm teams of the same age/club can practice in the same gym on side by side courts.

20:10:50 From Roz Campbell : Hi Michael. I will let Emma speak to this and will include it in the questions

20:11:18 From Barton Lim : Do we know the costs for the competitions for budget purposes?

20:11:56 From Steve Manuel to All panelists : Is there a chance that you won't be able to have any competitions? And if so are we open to looking at other options to get meaningful training and competitive opportunities for your members?

20:12:09 From Roz Campbell : Hi Barton, I will list your questions the panel

20:13:00 From Christian Redmann to All panelists : is there any chance of extending the club season in order to get a season in if the majority of clubs can't get gym space?

20:15:10 From Christian Redmann to All panelists : is there any chance of softening the dec 15 "release date" since it sounds like many clubs won't know their gym status by then?

20:15:22 From Roz Campbell : Hi Christian, we have discussed this and it is a consideration but we cannot provide definitive dates until we are closer to January

20:15:57 From Roz Campbell : I will list your second question for the panel, Christian :)

20:19:26 From Carol Hofer to All panelists : when do the rosters have to be set?
20:20:21 From Roz Campbell : Hi Carol, I will post this question for the panel. I don't believe we have dates set yet.
20:20:46 From Michael Walkinshaw : is there a way we can, as a large group, share information on developments on gym space as we go towards Christmas? some kind of a slack channel or something?
20:20:51 From Carol Hofer to All panelists : 300 for one day?
20:21:53 From Carol Hofer to All panelists : it would be great for VBC to speak or post to parents about the increased costs, facility issues, etc.
20:22:07 From Roz Campbell : Yes Carol, \$300 for one day events.
20:22:22 From Roz Campbell : I have noted your suggestion and will share with the RDC
20:23:10 From Carol Hofer to All panelists : parents do not understand how costs can be higher with less competition...my inbox has been flooded!
20:23:17 From Rick Bevis to All panelists : I would like to know how many clubs are currently offering train and play programs?
20:24:29 From Roz Campbell : Noted Carol. thank you!
20:25:08 From Cory Hoard : Will cohorts be put together based on last seasons tournament finishes? AA teams with AA teams, etc
20:25:25 From Roz Campbell : Hi Rick. There are a number running programs, but some may have purchased their own insurance.

Is there a particular bit of information you are looking for?

20:26:14 From Rick Bevis to All panelists : Just trying to gauge how clubs have facilities now?
20:26:36 From Rick Bevis to All panelists : *how many
20:26:41 From Roz Campbell : Gotcha, Rick. I don't have a firm number to share off-hand
20:28:04 From Carol Hofer to All panelists : are we obligated to let VBC know if we have a case?
20:30:33 From Roz Campbell : I have posted your question, Carol :)
20:32:01 From Paul Hetherington : thanks VBC!!! Fingers crossed we can all get facilities!!!
20:32:22 From Roz Campbell : Thanks very much Paul!
20:33:09 From Barton Lim : Thank you Emma, Adrian, Alex and Roz for an informative session. I appreciate all the time you have put into trying to get club volleyball going. All the best to you.
20:33:33 From Roz Campbell : Thanks very much, Barton. Thank you for your questions and for attending!
20:33:59 From Roz Campbell : We really appreciate everyone's patience and feedback as we navigate through this!
